Teaching Picture Exchange Communication (PECS)

Phase 1 - teaching ONE picture at a time

Teaching Steps

1. Set Up

Place **one** picture in front of your child
Show the preferred item and wait for interest.

2. The Exchange

1. Help your child pick up the picture.
2. Help them place the picture in your hand.
3. Immediately give the item they requested.

What success looks like:

- ☑ The child sees the item you are enticing them with
- ☑ The child finds the picture
- ☑ The child gives you the picture without help
- ☑ The child receives the item immediately (only have pictures out for things you have ready!)
